# UKULELE STRUMMERS PLAYBOOK

When I started the South Bay Strummers Ukulele Group I also put together a Ukulele song playbook that we could all use. I wanted it to be full of songs that everyone would know and could easily sing.

If you've ever wanted to start your own strummer group all you need to do is to compile a great book of songs like this one, gather all your Ukulele playin' friends around it and start strummin'.

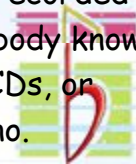

Listed below are the songs I have included in our playbook.

If you would like help compiling *your own* playbook, or **gettin ahold of one of dese playbooks** and maybe starting an exciting strummers group in your area, or want more information 'bout wassup, jus email me. We can talk story.

## *New Stuffs..... !.....!*

Gotta new educational 4 CD set dat goes along wid dis playbook too. All 148 songs recorded (da best I could, brah) in da same order of da Playbook. (Yeah cuz, even da songs nobody know .... cool yeah?) If you want to know how to go about recordin your own instructional CDs, or want one of dese (so you can teach your strummer group new tunes to jam) lemme kno.
